PERSONAL PROFILE

I have completed my undergraduate in Biomedical Engineering at the University of the Witwatersrand. I am currently studying Electrical and Computer Engineering at the University of Cape Town to complement these studies. Through studying both Electrical and Biomedical engineering I hope to pursue a career in which I am able to address physiological systems with an engineering approach. I have a keen interest in developing my knowledge base and enjoy tackling challenging situations, moreover I am able to remain level-headed in high pressure situations.

EDUCATION

High School Career

2008-2012

St John's College, Johannesburg

Biomedical Engineering

2013-2016

· *Undergraduate Degree, BEngSc* ·
University of the Witwatersrand, Johannesburg

Electrical Engineering - ECE

2017-present

· *Undergraduate Degree, BSc Eng* ·
University of Cape Town, Cape Town

COMPUTER SKILLS

Basic

BASH, SQL, Solidworks, Eagle, Assembly

Intermediate

JAVA, PYTHON, C++, LATEX, MATLAB, Microsoft Excel

MICROPROCESSOR SKILLS

Familiar With

STM32 SERIES, PIC16, ARDUINO, RASPBERRY PI

OTHER INFORMATION

Awards
